

APSDRF

**ANDHRA PRADESH
STATE DISASTER RESPONSE FORCE**

Introduction

- **APSDRF** is a specialized force trained for disaster response and relief operations.
- Equipped to handle natural and manmade disasters like floods, cyclones, earthquakes, Building collapsed, Train Accidents etc.
- Trained in rescue operations, first aid, and emergency response.

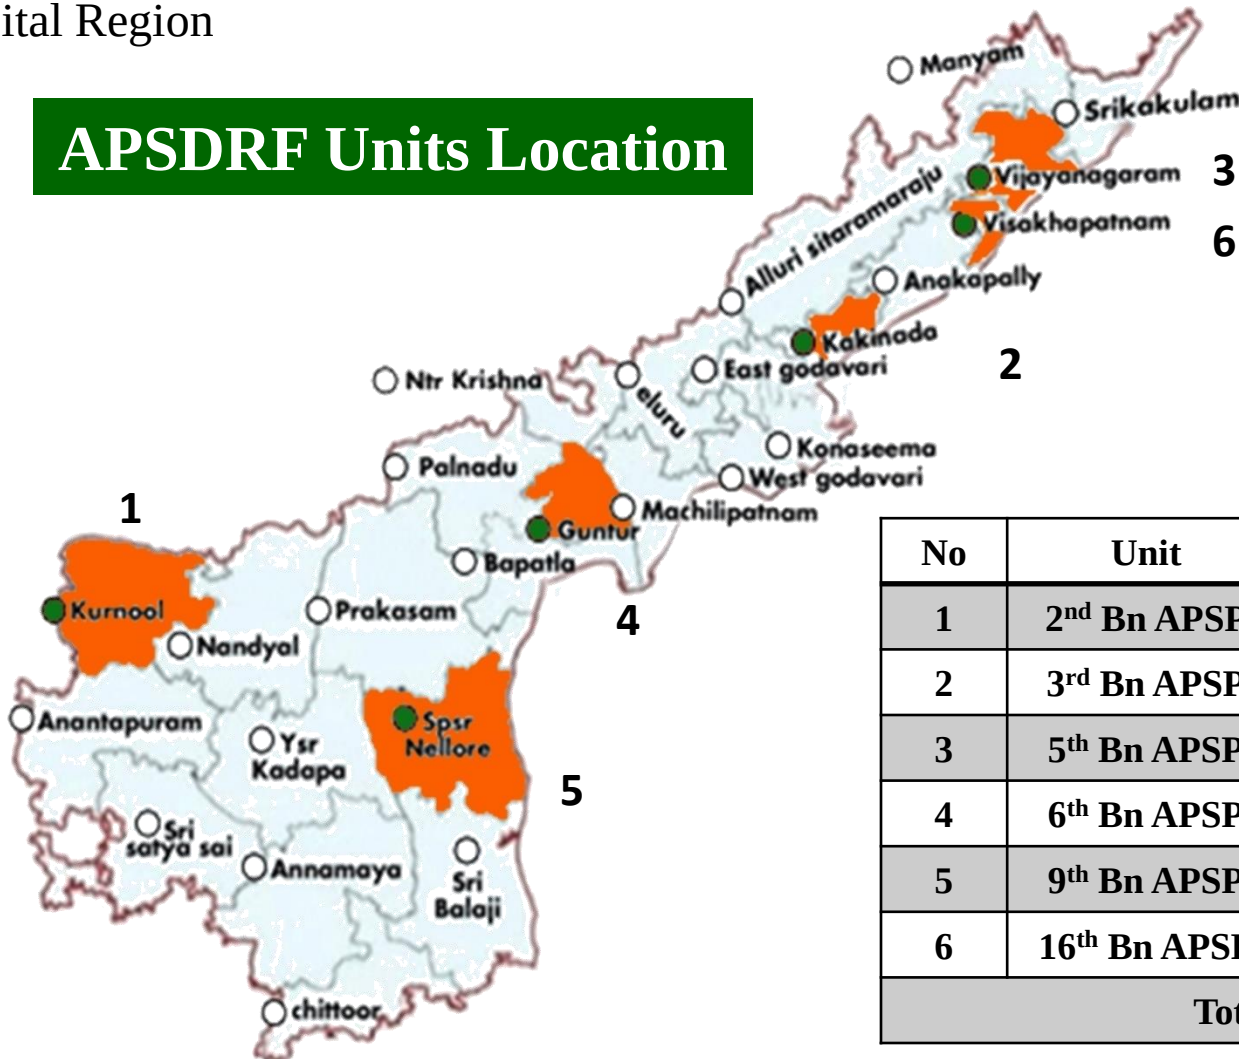

Importance of disaster response force:

The Andhra Pradesh State Disaster Response Force (APSDRF) has indeed played a crucial role in emergency response and disaster management in Andhra Pradesh, particularly in coastal areas. With a 972 km coastline, the state is prone to natural disasters like cyclones, floods, Heavy Rains and earthquakes. The APSDRF's efforts have been instrumental in saving lives, conducting large-scale rescue operations, and mitigating disaster risks.

Overview of AP SDRF:
